

# Spiders

	Monday	Tuesday
<b>Literacy</b>	<ul style="list-style-type: none"><li>• Revision of sound 'ph'. Watch the video: <a href="https://www.youtube.com/watch?v=z1bseW0nI2k">https://www.youtube.com/watch?v=z1bseW0nI2k</a></li><li>• Complete the spelling worksheet.</li></ul>	<ul style="list-style-type: none"><li>• Look around the house for words that contains the sound /ph/.</li><li>• Grammar: Nouns, verbs and adjectives.</li></ul>
<b>Numeracy</b>	<ul style="list-style-type: none"><li>• Weather chart. Data handling. Tally charts and graphs.</li></ul>	<ul style="list-style-type: none"><li>• Practice timetables.</li></ul>

	Wednesday	Thursday
<b>Literacy</b>	<ul style="list-style-type: none"><li>• Reading comprehension. Complete the worksheet.</li></ul>	<ul style="list-style-type: none"><li>• Writing: Writing an informal letter.</li></ul>
<b>Numeracy</b>	<ul style="list-style-type: none"><li>• Symmetry.</li></ul>	<ul style="list-style-type: none"><li>• Measurement.</li></ul>

## Spelling – Monday

<b>Learning Intention:</b>	We are learning the sound /ph/.
<b>Success Criteria:</b>	I can say the sounds corresponding to a letter or group of letters. I can spell words with the sound /ph/.
<b>Activity</b>	<ol style="list-style-type: none"><li>1. Practice the following words by reading and writing them. Encourage your child to point at the words and try to read any words he/she doesn't recognise by saying the individual sounds separately (eg. m-u-g), then running the sounds together quickly.  Phil phone elephant photograph alphabet</li><li>2. Write a simple sentence with each word.</li><li>3. Pyramid write your spelling words. Remember to write them neatly. P  Ph  Phi  Phil</li></ol>

## Numeracy – Monday

<b>Learning Intention:</b>	We are learning to work scientifically by making tables and charts about the weather, observing changes in the weather and gathering and recording information.																									
<b>Success Criteria:</b>	I can create a tally chart with the information collected the previous week.																									
<b>Activity</b>	<p><b>Tally charts are used to collect data quickly and efficiently.</b> Filling in a chart with marks representing numbers is faster than writing out words or figures and the data is collected into sub-groups immediately, making it easy to analyse.</p> <p>Example: What's your favourite colour?</p> <table border="1" data-bbox="392 730 913 1045"><tr><td>Yellow</td><td>    </td><td>4</td></tr><tr><td>Red</td><td>    </td><td>5</td></tr><tr><td>Blue</td><td>      </td><td>6</td></tr><tr><td>Green</td><td> </td><td>1</td></tr><tr><td>Pink</td><td>    </td><td>4</td></tr></table> <p>Four pupils said yellow. Five pupils answered red. Six pupils answered blue. One pupil answered green. Four pupils answered pink.</p> <p>From your weather complete the following Tally chart. How many days was sunny? How many days was cloudy?</p> <table border="1" data-bbox="376 1184 2130 1449"><tr><td>Sunny</td><td></td></tr><tr><td>Cloudy</td><td></td></tr><tr><td>Stormy</td><td></td></tr><tr><td>Rainy</td><td></td></tr><tr><td>Windy</td><td></td></tr></table>	Yellow		4	Red		5	Blue		6	Green		1	Pink		4	Sunny		Cloudy		Stormy		Rainy		Windy	
Yellow		4																								
Red		5																								
Blue		6																								
Green		1																								
Pink		4																								
Sunny																										
Cloudy																										
Stormy																										
Rainy																										
Windy																										

A block graph where types of items are shown on the x axis (horizontal), number of items are shown on the y axis (vertical) and each block represents one degree.

If you also collected information about the temperature, you could complete the following graph.
