Spelling – Monday

Learning Intention:	We are learning the sound /al/.
Success Criteria:	I can say the sounds corresponding to a letter or group of letters. I can spell words with the sound /al/.
Activity	<p>1. Practice the following words by reading and writing them. Encourage your child to point at the words and try to read any words he/she doesn't recognise by saying the individual sounds separately (eg. m-u-g), then running the sounds together quickly.</p> <p>almost chalk always walk alright</p> <p>2. Write a simple sentence with each word.</p> <p>3. Write your spelling words using the colours of the rainbow.</p> <p> almo What's the next colour?</p>

Numeracy – Monday

Learning Intention:	We are learning to work scientifically by gathering and recording information and making tables and charts.																																					
Success Criteria:	I can create a tally chart with the information collected.																																					
Activity	<p>Tally charts are used to collect data quickly and efficiently. Filling in a chart with marks representing numbers is faster than writing out words or figures and the data is collected into sub-groups immediately, making it easy to analyse.</p> <p>Example: What's your favourite colour?</p> <table border="1" style="display: inline-table; border-collapse: collapse; margin-right: 10px;"> <tr> <td style="padding: 2px;">Yellow</td> <td style="padding: 2px;"> </td> <td style="padding: 2px; text-align: center;">4</td> </tr> <tr> <td style="padding: 2px;">Red</td> <td style="padding: 2px;"> </td> <td style="padding: 2px; text-align: center;">5</td> </tr> <tr> <td style="padding: 2px;">Blue</td> <td style="padding: 2px;"> </td> <td style="padding: 2px; text-align: center;">6</td> </tr> <tr> <td style="padding: 2px;">Green</td> <td style="padding: 2px;"> </td> <td style="padding: 2px; text-align: center;">1</td> </tr> <tr> <td style="padding: 2px;">Pink</td> <td style="padding: 2px;"> </td> <td style="padding: 2px; text-align: center;">4</td> </tr> </table> <p>Four pupils said yellow. Five pupils answered red. Six pupils answered blue. One pupil answered green. Four pupils answered pink.</p> <p>Create a questionnaire about things that you want to know about your family. You can also video call some members of your family and ask them. For example:</p> <p>How many brothers have you got? How many sisters? How many teaspoons are in your kitchen drawer?</p> <p>And after you have to create a Tally chart similar to this one:</p> <table border="1" style="width: 100%; border-collapse: collapse; margin-top: 10px;"> <thead> <tr> <th style="width: 35%;">Items</th> <th style="width: 25%;">Nana</th> <th style="width: 25%;">Mum</th> <th style="width: 15%;">Auntie</th> </tr> </thead> <tbody> <tr> <td>Brothers</td> <td></td> <td></td> <td></td> </tr> <tr> <td>Sisters</td> <td></td> <td></td> <td></td> </tr> <tr> <td>Spoons</td> <td></td> <td></td> <td></td> </tr> <tr> <td> </td> <td></td> <td></td> <td></td> </tr> </tbody> </table>			Yellow		4	Red		5	Blue		6	Green		1	Pink		4	Items	Nana	Mum	Auntie	Brothers				Sisters				Spoons
